AIPM Masterclass - Artificial Intelligence

Unlock the Future of Law Enforcement

Join our exclusive AI Masterclass, a new initiative by the Australian Institute of Police Management (AIPM) and the Australian Federal Police (AFP).

This comprehensive program will equip you with the knowledge and skills to understand AI and navigate the complexities of public trust.

Residential Dates
Thursday 26 June - Friday 27 June 2025

Times
Start: 10am Thursday for 10.30am in the classroom
Finish: 2.00pm Friday

Introductory Pricing
This workshop is an AIPM value add to Australian and New Zealand police jurisdictions. The cost is for accommodation and meals only.

$ 435 payable at checkout

Group Exercise
Engage in a practical group exercise to evaluate ethical considerations, risks, and oversight mechanisms for deploying AI in a high-risk setting. Apply your knowledge of AI principles, public trust, and governance to develop a comprehensive risk management plan.

Why attend?

- **Increase awareness and understanding of AI:**
  Gain a good understanding of AI, its categories, and types. Learn about the driving forces behind AI and its impact on society.

- **Understand the Criminal Threat and AI:**
  Stay informed about the latest intelligence on AI use by criminals. Analyse real-world case studies on generative AI and child exploitation.

- **Recognise the Importance of AI for Law Enforcement:**
  Address the challenges of data volume and scalability. Explore AI use cases in law enforcement and understand the necessity of AI in combating crime.

- **Comprehend AI Policy and Its Impact:**
  Understand the implications of AI policy on law enforcement and the national intelligence community.

- **Foster Public Trust:**
  Develop strategies to foster public trust in AI. Examine case studies on the misuse of AI and understand the importance of privacy, ethics and risks.

- **Leadership in AI Adoption:**
  Learn how to lead AI initiatives effectively. Support your workforce in AI adoption and understand the role of leadership in AI.

- **Operationalise Responsible AI:**
  Implement AI Principles and governance best practices in your organisation.

Who should attend?

Inspectors, Superintendents, Team Leaders, EL 1 – 2 responsible for strategic decision-making and overseeing the implementation of new technologies.
